\$1.8 Billion for Education **Passes Senate**

WASHINGTON (AP)-The Senate has passed a \$1,834,000,000 school aid bill to provide federal grants both for classroom construction and for teachers' sala-

day that the House would not approve the salary provisions, and that President Eisenhower would veto the measure if Congress passes it in its present form. The 51-34 vote by which the Senate passed the measure Thursday night is far short of the two-

thirds that would be needed to override a veto. House Democratic leaders say that they expect to pass school legislation before the 86th Congress quits. But they assert their branch is likely to limit the funds to school construction, omitting

Senate aides said it was the first time in history that support of teacher salaries had been singled out for specific mention in an education bill.

The outcome was an important victory for the National Education Assn. and other teacher or ganizations over the nation.

Republican Leader Everett M. Dirksen (R - III) told the Senate Eisenhower would be particularly unhappy with the teacher salary

The states would decide how much would go to salary increases, and how much to new buildings.

The annual grant total in the bill was obtained by multiplying the number of school age children in

the country by \$20. However, the money would be allocated among the states on a formula based on relative schoolage population as weighted by relative income per school age child.

There would be no matching requirement the first year; in the second year the states would have to put up an average of one dollar for each four of federal aid, but this would vary sharply among the states based on their wealth

Faubus Thinks Texarkana Is **NAACPAim**

TEXARKANA (AP) -Arkansas Gov. Orval E. Faubus thinks the National Assa. for the Advancement of Colored People may have picked this state line-straddling city as its next target for efforts

at racial integration. Faubus said in an interview published in the Texarkana Gazette that he drew this conclusion from the fact that the NAACP has chosen Texarkana as site for a

flye-state convention Feb. 13-14. One of the speakers here will be Mrs. L. C. Bates of Little Rock, president of the Arkansas NAACP and an arch-foc of Faubus in the

Little Rock integration crisis. Delegates are expected from Arkansas, Texas, Louisiana, Oklahoma and New Mexico.

Faubus said the NAACP had noble objectives when it was organized. "But everyone knows it has became infiltrated with Communists," he added, "and a meeting of this magnitude would indicate that this area will have increased racial agitation."

Becerra could easily be elected president of his Mexican homeland after his stunning, one-punch knockout of Halimi in their sizzling rematch.

Halimi, 117, boxing deftly, kept the hard-socking Mexican champion from Guadaljara at bay for eight rounds. He was leading on all cards when he ran into a cork ing left book early in the ninth. "I hit him right on the point of the chin." said the 118-pound Becerra in a dressing room crowded with jubilant Mexicans.

Girl Vows to Wait for Negro Sweetheart

ALFRED, N.Y. (AP)—A pretty blonde teen-ager who vowed to wait for her Negro sweetheart was back home with her parents in this college community today.
Dorothy Lebohner, 18, was refrom New York City

Wednesday night by police after brief rendezvous with her boy Officers found Dorothy and War-

ren Sutton, 21, of Chester, Pa. Tuesday night holding hands as they watched a movie, "Tides of Passion," in a 42nd street theater in New York, A warrant charging her as a

wayward girl was waiting her arrival. Behind closed doors, she responded to the charge as a youthful offender and was turned er to her parents, Mr. and Mrs. Edward K. Lebohner. "I'm going to marry him." the

girl said before she left New York. They may tear us apart today but they will not stop us. We can wait for our day."
Sutton, who met Dorothy last

summer while waiting on tables in the Alfred University dormitory, also pledged his love despite parental opposition to the match.
"I can wait." he said. "I love

her more than anything in life and I'll slave to make her happy. Sutton, a lanky 6-foot-2 basket-ball player, left the University early this season. He charged that Dorothy's father, who is the uni versity's treasurer, and other offi cials exerted pressure to make him quit school. They said the athlete left of his own accord after being involved in a fight during a game.

Dorothy slipped out of a midn hotel early Tuesday while en route to Florida with her parents. The trin was planned to help her forget Sutton.

She met Sutton, and they spent the day walking, riding the sulways, watching movies and discussing their problem.

Lebohner said he felt "mixed marriages are almost imnossible Sutton's mother Mildred said: "I don't like the idea at all. His father and I told him we didn't achrove. Mixed marriages just don't work."
